Care Moves. Further Your Reach.

When technology is carefully planned and integrated, clinicians can expand their reach of care. Altus builds compact, yet ergonomic wall-mounted workstations that **provide the optimal triangle of care between the patient, clinician and technology.**

Compact, Rock-Solid Wall-Mounted Workstation

Enhance productivity and workflow without losing floor space. Reach improves EMR access and features adjustable arm extensions, monitor mounts and keyboard trays that are smooth to maneuver. Made with solid construction for high-volume use. All at an affordable cost.

Clinician-Focused

Happy clinicians make happy patients! Our wall-mounted workstation adjusts to each unique clinician and technology requirement to provide the comfort that is needed in their daily tasks.

Ergonomic

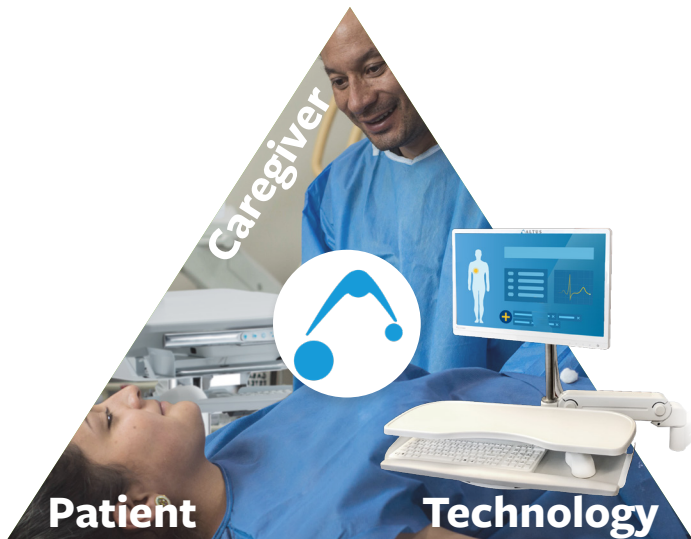

- 13" - 59" arm reach supports optimal access
- 14" sit-to-stand height adjustment
- Effortlessly position the monitor and keyboard
- Sturdy, spacious and ambidextrous workspace
- 13" LCD height adjustment
- Soft wrist rest on keyboard tray

IT's Choice

- Easy to assemble
- Internal cable management
- When flipped up, mouse and keyboard is enclosed by tray and shelf
- Full portfolio of warranty and service options to put time back in your day
- Over the last two years, less than 0.5% of our workstations required service fixes

The Details

Patient Experience

- Triangle of care improves communication between patient, clinician and technology
- Tilting screen and pivoting arm for easy viewing by patient and caregiver
- Swivel monitor mount encourages critical caregiver and patient interaction
- Workstation is fixed in one location, dedicated to that specific patient
- When both parties access data and treatment facilitation, medical errors can be avoided

Improve Workflow

- Flexible positioning in any environment
- Stores 10" from the wall, keeping space clear from obstacles
- EMR documentation at the point of care
- Increase comfort and productivity with features that adjust to each unique caregiver
- Shelf above keyboard tray for additional worksurface
- Lip on shelf prevents spills
- Built for durability, making it ideal for use in high-volume facilities
